### We have come a long way, and it's time to change We have been proud to be

Melaleuca Refugee Centre. However, we have grown and we want our identity to show **all** the communities we serve and our commitment to belonging.

Our values make us We have refreshed our Vision, Mission and Values to reflect our strong focus on humanity and service.

#### We are now

AUSTRALIA \_\_\_\_\_\_ Everyone belongs

The new leaf thriving - the young future leading the way

### Our name is Melaleuca Australia\*\* The people we welcome and serve are not bound by a centre. They have the freedom to choose how to live their lives in this wider community.

### We honour our heritage

Our new logo is faithful to the old one. It still tells the story of the Melaleuca being a tree that gives shelter to all, has healing qualities and bears a name that literally means black and white.

### Our new logo Our new logo zooms into the

leaves of the Melaleuca tree, as the source that gives life to the tree and all humanity. We depict our vision of, **A world where everyone belongs,** by the circular nature of the leaves in our logo, showing us the world, the sun and the moon. Above all, our logo shows leadership.

A world where everyone belongs

## OUR MISSION

We exist to welcome and support individuals and families from diverse cultural backgrounds to lead the lives they choose

# OUR VALUES

**Belonging** – creating a sense of community where everyone is welcome and feels included

**Compassion** – practising empathy and kindness towards everyone

**Ethics** – upholding our moral obligations to each other, the individuals we serve and the community

Respect – accepting each person as a unique individual

**Responsibility** – being held accountable for what we do and how we do it from beginning to end
